MGG155

MOBILE GASEOUS GENERATOR

SPECIFICATIONS

- Gaseous Generator:
 - o Fuel: Natural Gas, LP or Wellhead Gas
 - o 277/480VAC, 3 phase, 4 wire, 60 Hz, 1800RPM
 - o Prime Power 132kW/165kVA (198 output amps)
 - o 125 degree C Prime Power rated.
- Standard Features:
 - o PSI Engine
 - o NG D081TIC 8.1L, 4-cycle, 6-cylinder, turbocharged, charge air cooled Engine
 - o UCI274D-311, 277/480V 12 lead PMG Alternator
 - o Tandem Axle Oil Field Trailer #7000 Axles, electric brake, 3" Pintle
 - o InteliGen Controller Unit to Unit paralleling feature set
 - o 200AT, 80% rated Thermal Magnetic Line Circuit Breaker
 - o Skid-mounted in heavy-gauge aluminum sound attenuated enclosure
 - o Dual Stage Air Cleaner
 - o Critical Grade Silencer with Flex Connection
 - o Coolant & Oil Drains Plumbed to skid base, w/ shutoff valves
 - o 16 gallon Ren Oil makeup unit
 - o Auto change over Nat. gas to L.P. Liquid
 - o Battery Disconnect Switch
 - o Panel Light
 - o Buck Transformer w/120VAC outlet receptacles
 - o Starting Batteries, Rack and Cables
- 1 Year/2,000 Hour Prime Power Warranty
- EPA Certified
